## PROFESSIONAL SUMMARY

NetSuite Developer and Technical Consultant with 6+ years of experience specializing in SuiteScript 2.1 development, REST API integrations, and ERP customization. Delivered 100+ projects across manufacturing, logistics, WMS, and e-commerce. Oracle certified with deep expertise in Latin American tax compliance systems (CFE, CFDI, DTE). Proven track record building scalable, maintainable solutions that automate complex business processes.

## PROFESSIONAL EXPERIENCE

### NetSuite Developer & Technical Consultant

*Freelance / Multiple Clients | 2019 - Present*

- Delivered 100+ custom NetSuite projects across manufacturing, logistics, WMS, and e-commerce industries
- Architected Map/Reduce workflows for FEFO lot assignment, inventory allocation, and complex financial calculations
- Built end-to-end integrations with Latin American electronic invoicing systems (Uruguay CFE, Mexico CFDI, Chile DTE, Argentina fiscal)
- Developed a complete Leasing & Rental Management System natively within NetSuite with custom records and automated workflows
- Extended WMS Mobile with custom bin transfer logic, inventory status change flows, and pallet numbering
- Integrated Oracle Integration Cloud (OIC) with NetSuite RESTlets via OAuth 1.0/TBA authentication
- Created Advanced PDF/HTML templates with FreeMarker for localized invoice rendering and tax compliance documents
- Built full-stack web applications (React, Node.js, Express, MongoDB) for product catalogs with JWT auth and bulk upload
